Freak Train Collision Kills At Least Ten

50 TO 75 ARE HOSPITALIZED BY ACCIDENT

GALESBURG, Ill., July 6.—(AP)—Ten passengers were crushed and twisted to death today in a freak collision of two sleek Santa Fe railway streamliners running side by side.

Coroner Chauncey Wood of Peoria county placed the death toll at eight. Earlier reports had it seven, but field dispatches put the toll at ten. The number of injured ranged between 50 and 75, some critically.

The wreck occurred early this morning at Monica, Ill., 148 miles southwest of Chicago. Monica is 30 miles from Galesburg.

A mail coach of the El Capitan, extra fare all coach train running between Los Angeles and Chicago, suddenly left the rails and swerved into the Kansas City Chief, a combined Pullman and coach express. This train operates between Kansas City and Chicago.

Both trains were running eastbound, toward Chicago, the Kansas City Chief was on the normal westbound track, under automatic train control.

Bill Carlin, a photographer for the Galesburg Register-Mail, said he went through the wrecked coaches and counted eight dead, four of them in a washroom.

One of the dead was Mrs. Cora Rowlands of Cleveland, O., who was returning to Cleveland from Los Angeles with her grand-daughter, Dolores Keith, 16. Dolores was injured, said her grandmother was dead.

The injured were taken to three hospitals in Peoria and two at Galesburg.

About 15 coaches of both stream-line trains were jammed together.

President Confident Of Korea Outcome

WASHINGTON, July 6.—(AP)—President Truman said today there are no present plans to call the National Guard or armed forces reserves to duty because of the Korean war. His statement at a news conference was in response to questions.

A reporter asked the President if he was hopeful that everything will work out all right in Korea. Truman said of course he is. It will work out all right, he added.

Truman also said he has no plans now to seek additional military funds.

The President said he was very happy that Secretary of Defense Johnson, the armed forces secretaries and the joint chiefs of staff had decided they would make no speeches during the war.

He said he had no dates of his own for any speeches, but did not elaborate.

He said he was very happy that the defense establishment was going to devote all its time to work instead of making speeches.

Secretary Johnson announced the "no speeches" decision Wednesday. He indicated it was dictated by concern over possible misinterpretation of statements as well as the desire to concentrate on defense department problems.

Truman was told at his conference that there were reports the United States was exerting pressure on Cairo for Egypt to line up in the United Nations fight against Communism in the Far East.

The President replied only that he had no knowledge of the report.

Asked when he might expect a report on industrial mobilization, the President said industrial mobilization planning is always up to date.

He would not say when such a report and recommendations might be sent to congress.

Next Value Day Slated July 19 By C-C Group

Members of the Chamber of Commerce Retail Merchants Trade committee met Wednesday afternoon and listed July 19 as the date for Corsicana's next Value Day.

Also discussed were the parking meters on Beaton street, speeding on that street and the possibility of a safety campaign being conducted in the city. It was voted to make a survey of Beaton street meters to see what their dealers were about the meters.

Herb Jacobs, Hoyt Moore and Vernon Wick were appointed as a committee to make the survey. They will ask the merchants to answer one of three suggestions.

1. Parking meter time of two hours for five cents and penny parking of 24 minutes for one cent.

2. Parking meter time of one hour for five cents and penny parking of 12 minutes for one cent.

3. Parking meter time of one hour for five cents and no penny parking time.

The results of the survey will be reported to the city commission at its next meeting.

Jacobs reported on his attendance at two city commission meetings where the meters were discussed.

Members of the committee suggested police take steps to reduce speeding on Beaton street, especially in the evening hours after stores close and on Sunday. They went on to state they believed a safety campaign which would make motorists obey stop and traffic signals also should be conducted.

Tom Bailey, chairman of the committee, said Christmas decorations would be discussed at the Aug. 2 session of the committee.

Truman Threatens Drastic Action In Railway Strike

WASHINGTON, July 6.—(AP)—President Truman threatened today to take drastic action unless switchmen abandon their strike on five major railroads.

He called it an unjustified strike and blamed it upon a small minority of the switchmen.

He said the switchmen declined to obey the recommendations of a very able presidential fact-finding board.

Truman told his news conference he hopes drastic action will not be necessary to force the strikers back to their jobs.

But he said he would act if it became necessary. He declined, however, to say what steps might be taken.

About 4,000 members of the AFL Switchmen's Union are on strike against the Rock Island, the Chicago Great Western, the Denver and Rio Grande Western, the Western Pacific and the Great Northern railroads. They are demanding a 40 hour week with 48 hours pay. A presidential board proposed, instead, giving them the 40 hour week with an 18 cent an hour pay increase.

Nurses On Strike

ISRAELI AVIV, Israel, July 6.—(AP)—Israeli doctors and nurses are on strike today to protest against the help of assistants today as 2,000 nurses staged a 24-hour strike, demanding better working conditions in this country's hospitals.

Some military experts have said that Soviet emphasis on submarine power is aimed primarily at control of the Mediterranean sea and its shores. With that control Russia could protect the southern flank of a Red army driving west across Europe.

Sherman, however, said submarines might launch guided missiles against U. S. coastal cities.

The aircraft carrier has replaced the battleship as the backbone of the American fleet. The U. S. has 17 in reserve, not including three of the 27,000-ton Essex class now being modernized.

According to naval sources here, the Russians have no aircraft carrier.

U. S. Navy Is Still Largest But Russia Owns Biggest Fleet Of Submarines

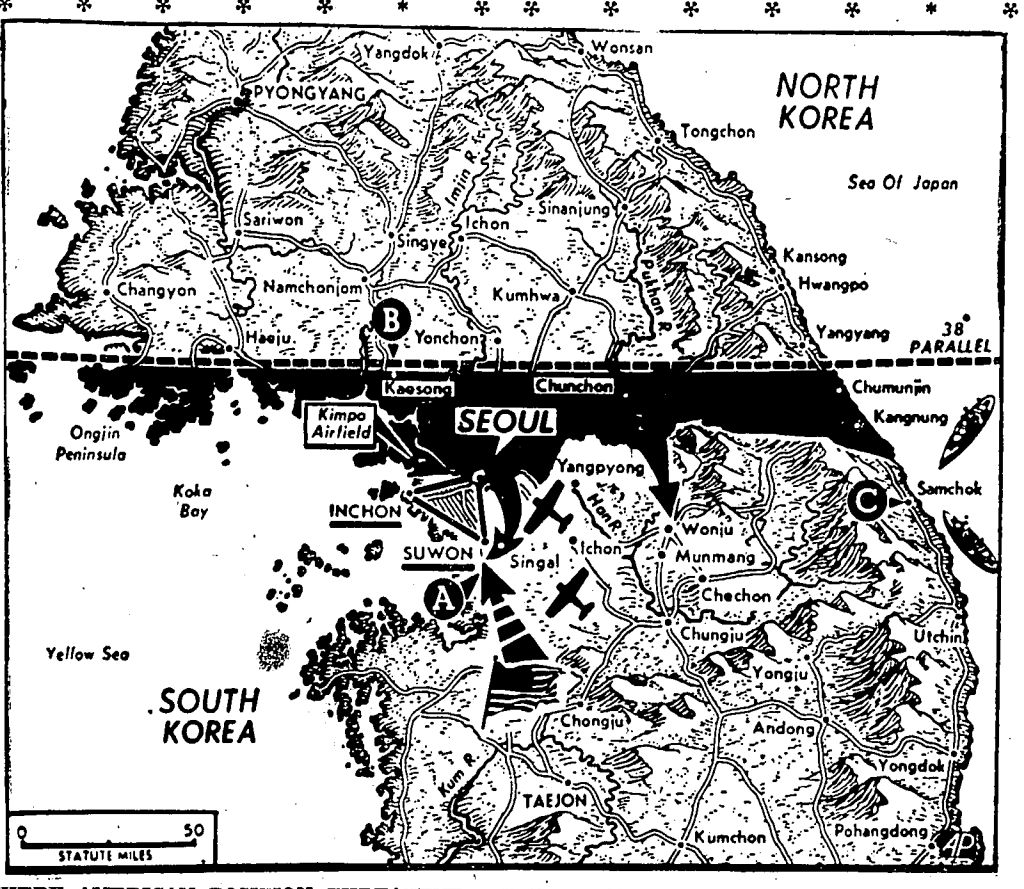

WASHINGTON, July 6.—(AP)—The United States Navy is still the world's biggest.

Its active fleet consists of 243 combatant ships. They are generally rated superior in strength to those of any other country. Some 450 combatant vessels tied up in the Navy's reserve would boost that power considerably.

Russia, however, has a larger submarine force—some 250 to 300 according to competent military observers. There are 74 submarines in the U. S. active fleet and 92 in the reserve, a total of 166.

Some of the Russian submarines (but reportedly not a majority of them) are the new high-speed Snorkels. The Snorkels are equipped with breathing tubes which enables them to operate under water a long time.

Admiral Forrest P. Sherman, chief of U. S. naval operations, said in a recent speech at the Naval Academy that Russia "does in truth possess a very powerful Na-

WHERE AMERICAN POSITION THREATENED—Units of a North Korean column flanking the Incheon-Seoul triangle (shaded) wedged between American infantrymen and their supporting artillery in fighting (A) south of Suwon. Another Red column captured Wonju. From Kaesong (B) a reinforcement of 25 Red tanks was seen moving toward Seoul. There was naval activity off the east coast with most firing in the Samchok bridgehead (C). Planes continued to strafe roads and Communist supply lines in the Seoul area. The black area is the approximate extent of the Red invasion of South Korea. (AP Wirephoto Map)

'Situation Not Serious,' -- MacArthur

WASHINGTON, July 6.—(AP)—General MacArthur's headquarters has advised the Pentagon that the situation of American ground forces in Korea is not considered serious in any way.

An army spokesman, telling today of the MacArthur's advice, denied vigorously that an American infantry outpost was "wiped out" by North Korean tank-led forces.

Tokyo advised the Pentagon, the spokesman said, that the outpost had withdrawn behind strong defensive positions and that losses were "very moderate."

The attack on the outpost was made in force by an undetermined number of Korean troops and between 40 and 50 tanks.

The withdrawal of the outpost, the spokesman said, "followed approved tactical procedures and in no respect was the outpost wiped out."

The spokesman said the outpost was doing exactly what it was supposed to do—go out to an advanced position, hold it as long as possible, then withdraw.

In answer to a question, the spokesman said the buildup of American forces in South Korea through the port of Pusan is going "quite well" even in the face of bad weather. However, he cautioned that the time when troops and equipment must be moved over long distances.

Commenting that the Korean war is "certainly not a minor incident," the official spokesman said it is going to require supplies and good troops. He added: "No one knows how much."

At the morning Pentagon "briefing" for newsmen, it was announced.

Navarro County Disaster Plan Being Prepared

A county-wide disaster plan for Navarro county is being drawn by the local chapter of the American Red Cross and an ARC representative from the St. Louis area office.

The plan should be completed early next week. It then will be printed and placed in key spots of the county and with key citizens.

The plan will outline what to do in case of a disaster. It is believed it will tie in with the state-wide defense plan being organized by Gov. Allan Shivers.

T. W. Wagner of the St. Louis area office arrived in Corsicana today to assist the local chapter in drawing the plan. Mrs. Mary Simpson is the local Red Cross secretary.

Airlines Start Priority System

WASHINGTON, July 6.—(AP)—The airlines announced today that a passenger "bumping" rule will go into effect Friday, but it will be mostly a standby measure.

Under this procedure, the airlines will be permitted to remove passengers or cancel reservations when space is needed for military or government officials in connection with the Korean situation.

Monroney And Thomas Starting All-Out Drive

OKLAHOMA CITY, July 6.—(AP)—Sen. Elmer Thomas and Rep. Mike Monroney rallied their forces today for an all-out drive for votes in the July 25 Democratic run-off primary in Oklahoma.

Monroney enters the strenuous three-week campaign as the man to beat. He gained a 14,095 margin over Thomas in Tuesday's holiday primary.

The 48-year-old congressman issued nomination without a runoff when five other opponents were accorded 4,595 votes. This left Monroney 27,610 short of a majority.

The near-record vote gave Monroney 201,338 and Thomas 187,243 from all but 102 precincts.

A bitter struggle appeared certain for the two veteran legislators. Both confidently predicted victory in the runoff.

They have three weeks to nail down the last minute votes that were timed to decide the voting public on election day, Monroney said.

This is a hard-hitting young organization that's going up against a hard-hitting federal machine which is violating federal laws."

"Our county managers are keeping-

Red Forces Make Encircling Threat

TOKYO, Friday, July 7.—(AP)—General MacArthur's communique today reported three North Korean divisions were continuing to press southward towards Osan and Pyontak, 35 and 46 miles south of Seoul, but field dispatches put the Red vanguard 60 miles south of Seoul.

A front dispatch from AP Correspondent Tom Lambert said the Reds had captured Pyontak and nosed into Chonan, 14 miles farther down the road.

The Tokyo headquarters communique did not confirm this, but said tank-supported Communist infantry was in the area 31 miles south of Seoul and eight miles south of Suwon. It said general infantry and artillery was under way.

Withdrawal of American troops for "regrouping and reorganization" after co-ordinated invader infantry and tank assaults on U. S. positions was acknowledged by the communique.

An American field headquarters spokesman had said a few hours earlier that American troops had been forced back eight to ten miles.

The Tokyo communique credited American F-80 jet planes with destroying eight enemy tanks in new strikes south of Suwon.

The field headquarters spokesman said 20 to 25 of the Russian-built tanks and 19 to 25 yek planes had been destroyed by American forces, but did not specify the period. Apparently he was summarizing all recent actions.

The Tokyo communique said the Reds had 160 to 170 heavy tanks in South Korea but speculated they might be running low on fuel as their progress progressed. He placed American losses in defense of the South Korean republic as nominal to "heavy" but gave no indication of the size of American forces or what would be regarded as heavy losses.

American Units Fight Stubbornly But Outnumbered

AN ADVANCED OUTPOST, KORAEA, July 6.—(AP)—American forces withdrew at some points on broad front tonight before a North Korean communist tank and infantry attack.

The Northerners' swift attack carried them more than 15 miles. The Red armor overran Pyontak and Songhwan and nosed into Chonan. Pyontak is about 36 miles south of Seoul, Songhwan another five miles south and Chonan seven miles beyond Songhwan.

In the past week the invaders' tanks have raced about 50 miles, against South Korean opposition and have overrun several American positions.

American forces fighting rearguard actions have destroyed at least two tanks, tankling reports said. Later unconfirmed reports raised the total of Red tanks destroyed to ten.

In a railroad station of a tiny town south of Chonan, a senior American officer wearily told several reporters:

"It was a bad one this time."

This officer said possibly 40 Red tanks supported by a "very strong force" of infantry had taken part in a small scale blitzkrieg. He estimated the force at 800 to 1,000 men. The estimates, he added, were made by his artillery and infantry officers.

Red tanks rolled out of a gray dawn, starting from a Sojok, about six miles north of Pyontak. They rolled out of the town in a small scale blitzkrieg. At daybreak the Red armor and infantry rolled into the latter city.

Lambert, who had been reported by Pyongyang radio as a captive of the North Koreans, dictated this story himself at 7:04 p. m. (4:04

Navy Needs More Men And Vessels For Korean Duty

A U. S. NAVAL BASE, Japan, July 6.—(AP)—American naval forces will be called on increasingly to cut North Korean seaborne supply lines, authoritative sources here predict.

Some seagoing officers say more ships and men are needed. One officer summed it up this way:

"We've got a boy sized force to do a man's sized job."

American and Allied naval forces have had two main assignments: Hit enemy forces ashore and afloat, and cover the transport of American troops to Korea from Japan.

Several Navy men express the opinion that cutting off the north's sea lines of supply will be hitting the enemy where he hurts the most. The enemy wears his life line in the sea.

Adm. J. C. Higgins, which recently put in at this base, destroyed at least seven North Korean trawlers and five torpedo boats with gunfire.

The enemy supply vessels had put in at an East Korean port which the Reds had seized early in the war.

Shortly after, Higgins' force was attacked by six North Korean torpedo boats. Five were destroyed before they could release their torpedoes. The sixth escaped but didn't fire.

An American cruiser brought five North Korean survivors to that action to this base. They were one officer and four enlisted men. It was estimated 43 of the enemy were killed.

The five POW's have been sent to South Korea.

Navy's Overhaul Station Reopens

CORPUS CHRISTI, July 6.—(AP)—The overhaul and repair department of the Corpus Christi naval air station was ordered re-opened today after 1,500 civil service workers were called back from a voluntary two-week holiday.

The navy officials said a directive received from Washington ordered the reopening of the department which is the nation's center for repairing R-5D Douglas Skyraider transport planes and the navy's transports are similar to the air force C-54's which have been ferrying troops and equipment to Korea from Japan.

Navy men said the order to increase the work schedule immediately did not mention the Korean situation. The overhaul plant had been shut down since last Friday and was not expected to reopen until July 17.

American Observers Speculating On Disappearance Of Korean Warplanes

WASHINGTON, July 6.—(AP)—American moves to get more power into the defense of South Korea coincided today with speculation on the disappearance of North Korean warplanes from the skies.

Some military men were led to the hope that the strategic attacks by American and British aircraft were beginning to show results.

They quickly added, however, that this should be viewed as only one possible explanation and that the real reason is not yet known here.

Overnight there were two developments indicating stepped-up air activity to bolster the South Korean defenses.

The air force said it was sending an undisclosed number of North American F-51 Mustang fighters to the Far Eastern air forces. These planes, able to operate at slower speeds and greater altitudes than jets, are vitally needed to give air support to the hard-pressed ground forces of the American and South Korean armies. There have been some in action,

a few of them flown by South Koreans, others by Australian air force and USAF pilots—but not enough.

Where the additional F51s will come from or how they will be transported from the United States to the Far East was not stated. Defense officials, in a separate action, confirmed that the escort carrier Sicily is taking extra aircraft and spare parts to the big carrier Valley Forge, operating off Korea. The Sicily sailed Tuesday from San Diego. She could make the trip in 20 days, carrying perhaps as many as 60 planes.

It was also announced that plans to close out air force weather and communication stations in the Aleutians by July 1 had been deferred. These stations, along the northern route to the Far East, are important as navigational aids to the pilots flying through the storm-ridden North Pacific area.

For days now, U. S. and British aircraft have been hammering at North Korean air fields, rail lines, fuel dumps, and highway convoys. This strategic ac-

City To Build Waterline To Junior College

In its July Fourth session, the city commission discussed several propositions without taking action, and completed action on two matters concerning the Navarro Junior College and the city's sewage disposal plant.

The city secretary and mayor were authorized to enter into a contract with the college to install a water line loop which will serve the college and the western part of the city. The college is to pay for the line, about \$25,000, and the city is to repay the amount over a five-year period at 20 per cent each year.

The line will start at West Second avenue and Willmann road, go south to Highway 31, east past the college, south to Park Row east to Thirty-seventh street where it will connect with a main line now in existence.

City Engineer Fred V. Blucher said this would be an eight-inch line and would add seven fire hydrants. He said work would start within a short time.

In another action the commis-

sioners approved contracts for \$10,596 worth of equipment for the sewage disposal plant. The Jeffrey Manufacturing Co., Columbus, Ohio, was awarded two units, \$8,840, and \$880, and Fairbanks, Morse and Co., Beloit, Wis., was awarded the other, \$1,076.

President Ray Waller and O. L. Albritton of the college board of directors appeared before the commission in regard to the water line request.

Matters discussed included the enforcement of an ordinance requiring property owners to clean lots of trash and grass and charging costs against the property; the Beaton street parking meters; possibility of selling but \$100,000 worth of the \$300,000 bond issue at the present time; possibility of publishing a list of names of persons who owe delinquent taxes; numbering of streets; Zion's Rest sewer line charges; complaints regarding the fishing limits set at Lake Halbert, and cleaning of an alley near the Twilight Rest home.

The commission passed the second reading of the ordinance wherein the Texas Power and Light Co., electricity rates are set. The commissioners also voted to transfer \$10,000 from the parking meter fund to the street fund.

Herb Jacobs appeared before the commission in regard to the Beaton

street meters and asked if the commission had reached an agreement whether or not the meters were to remain as they were or to be changed?

Commissioner J. E. Davant said he was working on a plan whereby uniform parking limitations would apply to the meter area.

Davant said he believed the majority of the people wanted the five-cent-for-an-hour parking with pennies being accepted for parts of an hour. He said he was working "on a deal" where the changes might be made at a cost of about \$3,000.

The commissioner and Police Chief Bruce Nutt said the present Beaton street system had provided more parking space and had practically eliminated double parking.

As Jacobs left he said he'll tell the Chamber of Commerce Retail Merchants committee that the commissioners were still working on the matter.

Everyone in the commission room wondered what Mayor Hubert Braselton meant when he said, "Let that be a lesson to you Herb," as Jacobs left the commission room.

City Atty. Julius Jacobs, referring to a petition for a street light on Olive street informed the commissioners there was no Olive street in the city, and that a recent ordinance provided that certain "named" streets be numbered.

Blucher said his department hoped to have new street sign posts erected in a short time.

The city engineer also said work on Chambers Creek-Lake Halbert pipe line should be completed this week.

Commissioner Edgar Rittersbacher reported on the contracts for the sewage disposal plant and on street work being done.

He said most of the street blacktopping would soon be completed and that the city wasn't loaning its equipment for private jobs now because all of it was needed for city work. He added, however, that when this work is completed the city machinery again will be available for private work.

Mayor Braselton brought up the matter of the Zion's Rest sewer line, put down some time ago by a group of private citizens. The subject in question was whether or not they'd be subject to the sewer service fee.

City Atty. Jacobs informed the commissioners that the bond sale contract provides there'll be no free sewer service.

Commissioner Rittersbacher brought up the possibility of selling but a portion of the \$300,000 bond issue at the present time. He said this had been brought to his attention and that it might be cheaper for the city to follow this plan.

The city engineer listed some figures which he said would save the city about \$6,000.

When a reporter asked Rittersbacher who had suggested the partial sale of the bonds, he said: "Oh I don't know."

The interviewer said, "but you brought it up."

"Well," said Rittersbacher, "someone mentioned it to be but I don't remember who it was. What difference does it make?"

Jacobs said he'd contact the bond attorney.

Commissioner Fred Price said he'd received many complaints about the halfmile fishing regula-

tion near Lake Halbert intake.

During the discussion that followed it was pointed out that this requirement was demanded by the Emhouse semipro baseball team gave added proof of its superiority in the Navarro-Limestone league Tuesday by swamping the league all-stars, 18-4 in the stellar game at Mexico's Overpass Park.

A good crowd was on hand to watch Bill Reed and R. M. Drain pitch the Emhouse crew to its win. Superior pitching and hitting was the answer to the lopsided score.

Managers of the all-star crew substituted freely in an effort to stem the scoring tide early in the game. They used four pitchers in the first inning, and two more in the remaining innings. None of them could shackle Emhouse's hitters, who brought in runs in every frame except the third.

J. B. Hendrix of the Emhouse crew led the hitting for the day getting three singles, a double and a triple. Benny Poarch of Emhouse homered, and Bill Day of the Mexico Gushers homered off Bill Reed in the second frame.

Reed pitched the first five frames, fanned five and gave up two runs. Drain pitched three innings, struck out 2 and gave up two runs.

The game was stopped at the end of the eighth inning.

Managers of the all-star crew EMHOUSE.....4 32-18 ALL-STARS.....010 102 00-4

Velma Mae Greer Rites Wednesday

Funeral rites were held Wednesday afternoon at Eureka for Miss Velma Mae Greer, 40, who died at her home there shortly after noon Tuesday.

A native of Kaufman county, Miss Greer had been a bookkeeper for a Los Angeles, Calif., firm for some time.

Rev. Peyton Goodman conducted services from the home. Burial was in the Eureka cemetery.

Surviving are her father, A. R. Greer; a sister, Mrs. Nettie Inez Fite, both of Eureka; four aunts, Miss Molly Greer, Mrs. J. F. Mayo, Mrs. H. H. Rodge, and Mrs. Blanche Hamilton, all of Eureka; an uncle, Luther Greer of Galveston; and a number of nieces and nephews.

Funeral services were held at the home of Mrs. Tim Grantham, Paul Chandler, Buck Montgomery, Curtis Chandler, Aaron Montgomery and Don Chandler.

Corley Funeral Home was in charge.

Some fruits and vegetables are raised in the valleys of Tibet.

Steel Is Ready

NEW YORK, July 6.—(AP)—The steel industry, with an annual capacity of about 100 million tons compared with 81.6 million in 1941, is ready for war or peace, the industry says today.

Iron Age, metalworking trade weekly, said today.

Denfeld Makes Political Debut

BOSTON, July 6.—(AP)—Retired Admiral Louis E. Denfeld made his political debut today by announcing his candidacy for the Republican nomination for governor of Massachusetts.

And his first political fight promises to be a tough one.

The 56-year-old ousted chief of naval operations meets three veteran campaigners—former Lt. Gov. Arthur W. Coolidge, former State's Atty. Gen. Clarence A. Barnes and former State Senator Edward W. Rowe.

If he wins the GOP nomination, he is faced with the prospect of opposing one of his World War II junior officers, Gov. Paul A. Dever, 45, a wartime lieutenant commander, who appears sure of winning the Democratic nomination in his bid for a second term.

Denfeld retired from the navy last February after he was removed by President Truman as chief of naval operations during the armed services unification row.

Little Rock Gets Negro Candidate

LITTLE ROCK, Ark., July 6.—(AP)—The name of a negro preacher will be on the Democratic ballot as a candidate for city Alderman in Little Rock.

Federal Judge Thomas C. Trimble ordered the County Democratic committee to place the name of the Rev. J. H. Gatlin on the ballot for the July 25 primary. The order set a precedent for Arkansas.

The committee previously had ruled against Gatlin.

Gatlin could not be refused a chance to win the nomination solely because he is not a white man, the federal judge held. Nomination of a Democrat equals election in this state on the fringe of the south.

R. G. McDaniel, committee chairman, said the committee would comply with Judge Trimble's order.

Point 4 Funds Cut By Senators

WASHINGTON, July 6.—(AP)—The senate appropriations committee was reported today to have voted only \$10,000,000 for President Truman's Point Four program of aid to backward areas of the world.

Committee sources said the group also wrote in rigid restrictions on the use of the money. President Truman asked \$45,000,000 for the program, dubbed "Point Four" from its listing in the foreign policy section of his inaugural address.

Former Truman Manager Indicted

SAN FRANCISCO, July 6.—(AP)—George T. Davis, noted criminal lawyer and former Northern California campaign manager for President Truman, today asked a special grand jury to indict him on charges he was involved in a \$100,000 Chinese birth certificate racket.

He voiced a heated denial Wednesday immediately after a federal grand jury indicted him and a Chinese on eight counts. The maximum sentences possible in case of conviction are 40 years imprisonment and \$50,000 in fines.

Many Noted Clients
Davis, whose clients have included the late Tom Mooney, convicted in the 1916 Preparedness Day parade bombing in San Francisco, said he had helped seven Chinese apply for birth certificates but was guilty of no personal wrong-doing.

Federal investigators said the indictments of Davis this week and of another prominent attorney last week followed a three-year investigation into how Chinese, shortly after World War II, got passports back to China after having entered this country illegally.

"All gave their birth dates prior to the fire," (1916 earthquake and in San Francisco) said E. Wells Bailey, State Department agent.

"But they didn't know Sacramento (the state capital) had duplicate birth records."

Admits Handling Cases
Davis said:

"It's true that I handled a few birth certificate cases. I am sure nothing I did in connection with these cases was wrong or illegal.

"This indictment means that an attorney is responsible for anything his clients do whether he knows about it or not—as long as they are his clients. It's a ridiculous conception of the law."

Emhouse

EMHOUSE, July 6.—(AP)—O. L. Elkins visited his mother, Mrs. Florence Elkins, in Irving Thursday.

Mr. and Mrs. Jay Russell are spending the holidays in Galveston.

Miss Clara Belle Owen of Hugo, Okla., is a guest in the home of Mr. and Mrs. H. H. Huling.

Mr. and Mrs. W. C. O'Neal and family of Corsicana were Emhouse visitors Saturday night.

Mrs. J. T. O'Neal and daughter, Mrs. Marwood Campbell, were also visitors.

Teh ice cream supper and candidates' rally was a success Saturday night. There was a good crowd.

The annual Armstrong 4th of July picnic opened with an old-fashioned "supper" at the picnic grounds Monday night. There were about 150 people attending. A number of people spent the night. The barbecue was enjoyed at the noon hour Tuesday, and a record crowd was present. John Calhoun and Joe Butler of Corsicana were noted in the crowd during the evening. Rev. Don Hazelwood and wife were also in the crowd.

Ice Cream Supper
There will be an Ice Cream Supper at Eureka Methodist church Friday, July 7. Candidates will speak.

GI's Wife Fined For Snipping Hair

FRANKFURT, Germany, July 6.—(AP)—A GI's wife has been fined \$5 for snipping and snipping off the hair of a Lithuanian blonde she accused of misconduct with her husband.

The defendant was Mrs. Alma Victoria Wall of Shreveport, La., wife of U. S. Air Force Pvt. Burney M. Wall, stationed here at Wiesbaden. The blonde was Ise Kerweketa, 23.

Mrs. Wall's maid said the hair shearing occurred after Wall's seven-year-old daughter, Barbara Ann, pointed to Ise and told her mother: "Mummy, that's the girl who slept with Daddy the other night while you were in the hospital."

The maid, Ise Gregorowicz, was fined \$3 for helping Mrs. Wall clip Ise's hair.

Blooming Grove

BLOOMING GROVE, July 6.—(AP)—Mr. and Mrs. R. S. High left Friday of last week for Austin where his brother, Will Roy High, and wife accompanied them over in Mexico where they will spend a two weeks' vacation.

Mrs. Clara Montgomery returned home Monday afternoon from a three weeks' visit with relatives in Springtown and Lubbock.

Mr. and Mrs. C. W. Collins and son, Don, were in Waxahachie spending the 4th.

Mr. and Mrs. Norman Daggett of Garland, Mr. and Mrs. Ed Johnson of Mexia, Mrs. Annie Ross of Wortham and Mr. and Mrs. T. P. Davis of Bryan were guests in the home of Edgar Campbell last Sunday.

Mrs. D. P. Moore and daughter, Marylyn, of Forney were week-end guests of the J. E. Walkers.

Mrs. Garland Nagle and daughter, Miss Emily, of Texas City, were guests of Mr. and Mrs. Homer Sanders Whorton on Tuesday night of this week.

Myrtle Robinson, here from Oakland, Cal., has been visiting relatives, with her brother, Ed Melton and wife, and Mrs. H. H. Weatherby, in Galveston, Orange, Fort Arthur, and with Will Roy Melton and family in Texas City, and Herbert Melton and family in Liberty for the past weekend.

Little Miss Lynda Davis of Bryan is spending the summer with her grandparents, Mr. and Mrs. Edgar Campbell.

Miss Frances Huffstutler is spending this week with friends in Bridgeport.

Mr. and Mrs. Ed Melton, and sister, Mrs. Myrtle Robinson, accompanied Mrs. H. H. Weatherby home in Ft. Worth Wednesday of this week.

Mrs. B. E. Reft of Houston, sister of Mrs. D. W. Springer, is spending this week in Blooming Grove.

Mrs. Boyd and Springer of Waxahachie spent Sunday with the new grand-children in the D. W. Springer home.

Rev. and Mrs. C. T. Brockett, Lt. and Mrs. W. H. Crews and three sons were in Belton the 4th visiting Mrs. I. C. Crews with her newly arrived son at the Belton hospital.

Mr. and Mrs. J. C. Stone of Dallas spent the 4th with Mrs. C. L. Tillman Sr.

Mrs. R. C. Smith and daughter, Mrs. Chas. Thompson were in Dallas Wednesday.

Elwood Ferrell was here a few days with his sister, Mrs. Dora Garrison, after his appendicitis operation at the P. and S. hospital in Corsicana. Elwood has returned home and is doing nicely.

A. C. Perry of Perry Store has sold their stock of goods to the White and Wood Company of Hubbard.

Earl Phillips and family of Wortham, were here for the past week end.

Earl Griffin of Corsicana was here to see his mother, Mrs. Kate Griffin, Tuesday of this week.

F. E. Masangkay, returned home Saturday after a few days visit in Dallas with her sister, Mrs. Ruth Denning.

Mrs. George McGee accompanied her brother, Marvin Hatley, and wife of Dallas to San Antonio for the 4th with Will Hatley and family.

Mr. and Mrs. Dug McGee spent July 4th with friends in Dallas.

End Of Railway Strike Hinted

WASHINGTON, July 6.—(AP)—Senator Darby (R-Kan.) said after a conference with President Truman Wednesday he is hopeful the railroad strike "is near an end."

He said Mr. Truman told him "everything possible is being done."

He added that the President is hopeful of developments which will be "good news."

APL switchmen have been on strike for 10 days against the Western and Midwestern railroads. They are asking a 40-hour week with the same pay they have received for 48 hours of work.

Cream Supper

There will be an Ice Cream Supper at the Cedar Creek Baptist church Saturday night, July 8. The public is invited.

Strange Balloon Is Being Checked By Air Force

WASHINGTON, July 6.—(AP)—U. S. air force officers are investigating a report that a strange-looking balloon has been found grounded near Dillon, Mont.

The county sheriff relayed the report to federal authorities, including the FBI. The FBI said, however, that the investigation was solely in the hands of the air force.

According to information given by the sheriff, the balloon was made of silver-colored material, weighed about 250 pounds and measured 100 feet in length and 50 feet in circumference.

Some officials here expressed the view that it could be a "stray" from a weather observation station.

King George VI Starts New Fad

LONDON, July 6.—(AP)—Saville Row buzzed today—King George VI was wearing a checkered handkerchief in his breast pocket instead of the usual white.

The handkerchief had small dark checks on a white background. It peeped out of the breast pocket of the king's morning jacket when he attended a fashionable Mayfair wedding with Queen Elizabeth and Princess Margaret.

"It's an attractive innovation and is likely to become popular," commented one London fashion arbiter.

King George recently started a vogue for more colorful neck wear by appearing in a Tartan dinner jacket.

Oak Grove Picnic

The annual picnic for benefit of the Oak Grove cemetery will be held Wednesday July 12 at Old Picnic Grounds five miles north-east of Kerens.

Everybody invited.

Dawson

DAWSON, July 6.—(AP)—Mr. and Mrs. Ted Bumpers and sons of Waco spent last Sunday here with Mr. and Mrs. Doyle Bumpers and Mr. and Mrs. Clint Pitts.

Mr. and Mrs. Bennie McCulloch left last Monday for a two weeks visit in Lubbock and other West Texas points.

Mr. and Mrs. Finis Seals of Corsicana, were visitors in the Mr. and Mrs. J. L. McCulloch and Mr. and Mrs. A. K. Garner homes last Sunday.

Mrs. Milton Slayden spent last Thursday in Ft. Worth attending a meeting of Methodist District Officers.

Mr. and Mrs. Bonnie Pierce of Ft. Worth spent from Monday to Wednesday here with Mr. Pierce's mother, Mrs. C. A. Pierce.

Mr. and Mrs. Joe Garner, Jr., of Borger, are spending their vacation here with home folks.

Mr. and Mrs. Joseph Evans and daughter of Coolidge, spent last Sunday here with Mr. and Mrs. Hugh Clemens.

Mr. and Mrs. M. B. McCulloch of Pampa, are here to spend their vacation with relatives and friends.

Mr. and Mrs. W. H. McKey-nolds and son, Melvin, of Houston, spent last weekend here with Mrs. McKey-nolds' parents, Mr. and Mrs. J. B. Mosley.

Mr. and Mrs. S. S. Duke and children of Corsicana were visitors in the Mr. and Mrs. F. N. Matthews home last Sunday.

Jene Allen Holt, who is attending NTSTC, at Denton, spent last weekend here with his grandmother, Mrs. Jesse Dickson.

Mr. and Mrs. Woodrow Pierce and children of Hobbs, New Mexico, returned home Monday after a several days visit here with relatives and friends.

CORSIANA, TEX., JULY 7, 1950

HELP FOR DOCTORS

The country's crying need for doctors may be filled a little more rapidly as a result of the will of the late Dr. Joseph Collins, who left a million dollars to establish a foundation to aid young men and women who wish to study medicine.

Dr. Collins, remembering his own struggle to maintain himself while studying medicine, suggested that the money be laid out as \$1,500 a year grants to students who are without sufficient means to study medicine.

The long years of study necessary to bring a young doctor to the point where he can set up a practice always present a serious financial problem. More such bequests as that of Dr. Collins would be of distinct service in enabling more students to stay out the course. The alleviation of the shortage of doctors, however, also requires enlargement of medical school facilities. About a third of the professional schools, recent surveys have indicated, have more applicants than they can admit. Many of those turned away doubtless obtain admission at other schools, and here again the student with financial backing has the advantage.

GERM-FREE LIFE

The University of Notre Dame has opened a laboratory in which germ-free animals will live a germ-free life, in the interest of science. The purpose of the initial experiments in the laboratory will be a new search for the causes of tooth decay, and everyone who trembles at the distinctive sound of the dentist's drill will wish the scientists luck.

An eye-opener for the layman is the list of precautions necessary to protect the experimental animals from germs. They will live in an enclosure completely surrounded by a tank containing a germicidal solution, and even the attendants who take their sterilized food to them must dive through this solution enroute. The germ-free life, it is plain, is not for ordinary mortals.

VISHINSKY'S BIBLE

How well do you know your Bible? Try to find in it this quotation: "You should not try to catch fleas lest a camel slip through your fingers." This remarkable passage, not to be found in any dictionary of quotations or Biblical concordance, wound up a speech by Soviet Foreign Minister Andrei Y. Vishinsky, at the Paris meeting of the Council of Foreign Ministers. Evidently noting the marked surprise on his hearers' faces, Vishinsky explained that this was a quotation from the Russian translation by Saint Vladimir, who introduced Christianity into Russia in the eighth century.

Scholars report that St.

They'll try even harder

The Poet Of The People

THE FIFTH WEDDING.

"He had been married five times."—News Report.

Five times as bridegroom he had said:

"For better or for worse."

Now if a sixth time he should wed

No more need he rehearse.

Five times he walked the middle aisle

His assets to endow.

And how it's done in proper style

The man should know by now.

I practiced for my wedding rite

The role of groom to play.

I then studied to recite

The vow I'd have to say.

But speech and memory fled from me

And confidence took wing.

I trembled like an aspen tree,

And fumbled with the ring.

But five times over had I said

The words: "Till death do part"

I'd have the service in my head

And also in my heart.

Vladimir did not translate

the Bible, in fact was illiterate.

Nor is the quotation to be found

in any translation of the Bible as yet examined.

Evidently Vishinsky, a

man of wide reading and legal

knowledge, trusted too much to his memory.

Apparently the Bible in a Vishinsky

is no more to be trusted than some other statements

made by speakers with axes to grind.

LATINS GAINING

Latin America is growing faster than the United States, says Dr. Calvert Dedrick of the Census Bureau. The Latin American countries have been counting their population this year just as we have. While all the returns are not in, we are about equal with our South American neighbors, each having roughly 150,000,000 people. As they are growing faster than we are in a ratio of 3 to 2, they should surpass us in 1960.

The South Americans are justly proud of their achievements, and resent our manipulation of the term "American." When once they have outstripped us in population, some of the more enthusiastic prophets will doubtless dream of the days when they can say "The United States? Oh, yes, that's that small country up in the northern hemisphere."

HOSPITAL ECONOMIZING

Do American hospitals skimp their services for elderly patients? Dr. Martin Steinberg, executive director of New York City's Mount Sinai Hospital, says that they do, and so told the American Geriatrics Society. Geriatrics, if this is a word which you do not use every day, means "the care and healing of the old." Hospitals, says Dr. Steinberg, exclude patients of advanced age when they can, by calling them "bad risks." They also jump at the conclusion that they are suffering from cancer, instead of giving their symptoms the attention that they would in the case of younger invalids.

These serious charges come from the inner circle of hospital management. Where borne out, their cause is the ever-present problem of money. The unbelievable cost of medical training and hospital maintenance must give every hospital director sleepless nights. No wonder that they cut corners here and there. It is unforgivable, however, when the corner-cutting is at the expense of the patients.

But all matters of hospital management come around to the patients in the end. Hospital problems are not insoluble, but they are certainly difficult to work out at the present time.

Thx writxr whosx typx-writxr has a brokxn lxtxr must choosx his words carx-fully.

SON IS BORN.

Mr. and Mrs. J. B. Paschal, Jr., have announced the birth of a son, Joe David, June 29 at the P. and S. Hospital. The baby's birth weight was 7 pounds, 13 ounces. The maternal grandmother is Mrs. Lella Jordan of Blumington, Groves. The paternal grandparents are Mr. and Mrs. J. B. Paschal, Sr.

CARD OF THANKS

We want to say a word of thanks to each and all of our friends and neighbors who were so nice to us in time of sorrow. Thanks for the lovely lunch brought in by the ladies. We want to thank Rev. Jack Goff and Rev. Clifford Thompson for officiating and the Navarro Baptist church for the beautiful music and songs, also for the many flowers. May God bless each and all.

Mr. and Mrs. J. W. Harrison and Family.

Agricultural Workers Plan Annual Affair

Members of the Navarro County Agricultural Workers Association will hold their annual recreational meeting at Magnolia Lake July 13 at 7:30 p. m., Secretary Robert Clicheu announced Wednesday.

Reservation should be made with Clicheu by Monday, July 10.

The very latest he announced. Women will be admitted to the lake grounds free it was announced.

Barbecue will be the menu feature.

KOREAN

Continued from first page

American reinforcements were reported being rushed to three points on the U. S. left flank at P'yongnyon, Kongdoyu and Kanu (of which show on detailed maps).

During the fast-moving action earlier, one American command post had to be abandoned.

MacArthur's communiqué said "a large number of tanks with supporting troops" attacked American positions Thursday, forcing the Americans to withdraw after they had dislodged at least four tanks by direct artillery fire.

American gunners fired at point-blank range then pulled back after removing the breach locks and gun sights.

MacArthur's communiqué also acknowledged South Korean losses of tanks and heavy weapons.

The North Koreans had claimed it two days earlier.

Another possible Red enveloping movement was shaping up along the east coast. The communiqué said North Korean amphibious beachheads were expanding from Uchihon, on the coast 135 miles southeast of Seoul.

They were fanning out southwestward.

The main immediate threat to the defense, however, was on the front almost due south of Seoul.

A senior American officer, pausing at a railroad station in the battle zone, said gloomily: "It was a bad one this time."

U. S. soldiers, including at least one European war veteran, agreed.

That could mean real American losses and a general kicking around the invaders, who have shown power in their southward thrust.

The Americans were said to have destroyed 10 tanks in rear guard action.

Approximately 40 tanks and 1,000 North Korean infantry were in the fast moving force, which once was halted temporarily but picked up speed a short time later.

A commanding officer at Korean headquarters said Americans at one advanced position had improved their lot by moving to a new defense position. The Communists reportedly had bypassed some advance American units.

Asked if the situation was good or bad the commander replied: "No situation is good unless you see advancing."

U. S. air power continued to pound enemy bases despite poor flying conditions.

The U. S. Far East Air Force said its warplanes contacted no North Korean aircraft on 74 sorties. A sortie is one flight by one plane.

B-2 Superforts destroyed three spans of a bridge linking one of North Korea's biggest industrial centers with its nearby airfield. The bridge is north of Yonpo airfield, target of a recent raid by the powerful bombers.

The bridge leads to Hamhung, site of a huge nitrate plant, eight miles to the north.

Although there was an absence of enemy aircraft, an air communiqué said anti-aircraft fire was increasing, particularly in the Seoul area.

The Red radio at P'yongyang broadcast that it had sunk two U. S. light cruisers. Later the radio revised the figure to one. The U. S. Navy described the report as "hogwash" and said it did not have two light cruisers in the area.

Associated Press Correspondent O. H. P. King said a responsible source at U. S. headquarters in Korea gave this picture of Communist activity on the East coast:

The town of Uchihon, occupied June 28 by waterborne Communist forces, has been retaken in the past 24 hours. Uchihon is on the east coast approximately 125 miles southeast of Seoul, fallen capital of South Korea.

Some of the Reds pushed southward and joined 500 others but the combined force has been stopped 25 miles south of Uchihon.

Allied vessels blockading the coast also are supporting ground troops with their naval guns. They also have sunk 11 enemy craft.

The P'yongyang radio, monitored in Tokyo, said North Korean forces contacted the U. S. forces on Wednesday night and the Americans "retreated in disorderly condition." The radio announced that more than 150 Americans were killed and 50 captured.

But General MacArthur's headquarters said there had been no Americans killed in action and only four wounded in ground actions.

The announcement listed four airmen wounded and six missing in action.

Associated Press Correspondent Tom Lambert, however, reported he had seen one combat soldier killed two hours after the Americans contacted the North Koreans.

Lambert said he also saw South Korean troops in full retreat.

MacArthur's communiqué, issued at 12:45 p. m. (9:45 a. m. EST Wednesday) said the situation on the Korean front is "extremely fluid."

This means there are no established battle lines—opposing forces are constantly on the move, presumably at close range.

The battle area is between Suwon, the fallen airfield city, and Osan, eleven miles southward along a main highway. American and South Korean forces were driven to high ground at Osan.

The first Communist enveloping movement across a front at least 25 miles deep from north to south, continued today and the Communists were bypassing strong points and probing defenses for weakness.

MacArthur's announcement said this drive may be part of a larger enveloping movement from the east.

Communist tank concentrations have been reported in Red captured Wonju, 45 miles east and were pushing to Chungju, 23 miles southward.

King said there had been a clash between Communists and South Koreans at Chungju with the Northerners using armored cars.

The route of this eastern column, if unchecked, could lead to a wide swing that would cut off the "line of retreat" as MacArthur reported last midnight. It

could also sever vital American communication lines.

The reported success of Communist armor in bypassing strategically placed American artillery positions indicated that tanks were able to operate cross country or on poor and rutted secondary roads.

LAMBERT

Continued from first page

a. m. EST): "Please tell everybody I'm all right," he said.

(The United Press office in Tokyo said, however, it has not heard yet from its staffer, Peter Kalischcher, who also was reported captured.)

Master Sgt. Lester Loflen of Mount Airy, N. C., who witnessed the Communist drive into P'yongyang, said the North Koreans had at least eight tanks and 800 to 1,000 infantrymen.

"They were marching in columns—smoking cigarette," declared Loflen, a veteran of the European warfare.

"A corporal in my outfit who saw them said they came on like rats—in droves."

A senior officer said the invaders proved formidable fighters. One Communist tank was hit by our artillery fire and burst into flames, he related. The tank crew leaped out, clothes flaming.

The Americans called out to them to surrender but they refused. Instead they joined other units advancing against U. S. positions.

The officer said U. S. artillery duelled at almost point blank range with the Red tanks. Some American gunners fired at 100 yard range, "fucked, raised up and fired again."

As artillerymen abandoned their positions and guns, they removed breech blocks and gun sights to make them inoperable.

Some equipment, ammunition and food was left behind.

The senior officer said he had been "a little contemptuous of the North Koreans, but not anymore."

A key American command post was evacuated before the armored drive. Soldiers left behind to fight a rear guard action were outflanked.

The officer said he was not sure of American casualties in the latest Red assault but he believed they were "heavy in at least two units."

The officer said he had not seen American aircraft attacking Red tanks and infantry during the drive—presumably because of bad weather.

Several correspondents, including three British, Frank Coleman of the New York Daily News and I. met evacuating Americans while traveling to the front.

Jeeps and trucks with grim faced drivers and infantrymen traveled slowly south along the same road with Korean refugees fleeing the Communists.

The Americans carried one reason for their grimness—the blue-gray blanket shrouded corpse of one American soldier killed in the newest Communist push.

But in withdrawing the Americans fought bravely. A senior officer said one unit stayed at its position seven hours battling the Reds and withdrew only when their ammunition was exhausted.

ORDERED TO RETURN

Sam H. Foster, machinist at the Naval Air Base, Corpus Christi, was ordered to return to duty at once late Wednesday night by telephone. He leaves Corsicana Friday.

Foster had planned to remain at his home here until July 17.

Tupelo

TUPELO, July 6 (Sp.)—Mr. and Mrs. John Norwood and children of Corsicana, attended Sunday School and visited relatives at Tupelo Sunday.

Mr. and Mrs. Richard Todd of Santa Anna, visited Mrs. R. A. So. Monday.

J. D. Marion left Saturday for a visit with his daughter, Mrs. Terrel Rogers and family at Kermit.

He made the trip with Byron Kirby and Mrs. Clara Kirby of Chatfield, who are visiting Mrs. Kirby's son, J. H. Kirby and family.

Mrs. L. B. Wheeler returned by ambulance to the home of R. H. Boyd and family after several days where she had visited in the home of her daughter, Mrs. Will Clayton. Mrs. Clayton accompanied her home, and will remain with her here for sometime.

Mr. and Mrs. W. H. Mitchell, are visiting at Wichita Falls and Holiday.

Mr. and Mrs. Lester Atchley and children are in Tupelo visitors this week.

J. W. Edmundson returned to his home at Anthony, New Mexico after several days visit with his father, Joe Edmundson.

Randolph McMullan of Corsicana, spent the weekend with Bob Brooks Wheeler.

Misses Alma and Jessie Armstrong of Corsicana, attended the Chattahoochee picnic and visited at Tupelo the fourth.

Mr. and Mrs. J. E. Ayers and Richard Burdine of Beaumont, were guests in the R. B. Burdine home Sunday.

Mr. and Mrs. A. H. Jones and daughter, Doris Evelyn, and Mr. and Mrs. J. D. Burdine, were Dallas visitors Saturday night.

Jimmie Jones returned home with them Sunday after several weeks stay in Dallas, where he attended the Stamps School of Music.

Mrs. T. D. Clark and Mrs. Hubert Bowden and daughter, Beverly, of Corsicana, were Tupelo visitors Tuesday.

Frost

FROST, July 6 (Sp.)—Mr. and Mrs. Knox Mumma of Beaumont visited with relatives in Frost last week.

Mr. and Mrs. Jess Cook and Mr. and Mrs. Audie Wilson and children are vacationing in Tennessee.

Mrs. Pearl Keathley has returned from a visit with Mr. and Mrs. Wesley Keathley in Corsicana.

Marvin Ivy and family of San Antonio are guests of his mother, Mrs. W. A. Ivey.

Mr. and Mrs. H. A. Scott, Jr., and little daughter have returned to their home in Dallas after a visit with his parents, Mr. and Mrs. H. A. Scott.

Mrs. E. F. Melton has gone to New Mexico for an extended visit with her children, Mrs. Murray.

U. S. PTA Head Will Visit Texas

Mrs. John E. Hayes of Twin Falls, Idaho, president of the National Congress of Parents and Teachers, will be the national representative to the state convention in Mineral Wells November 8-10. The announcement was made by Mrs. J. H. Moore, state president, at the June meeting of the executive committee in Austin.

Mrs. Hayes will spend the month of July in Japan, conferring with PTA leaders there, according to a recent announcement. The theme chosen for the convention was "The Citizen Child." Tentative plans for the program were worked out, and the Baker Hotel will be the headquarters. It was also announced that Governor Allan Shivers has appointed Mrs. Moore co-chairman of the Texas Committee of the American Heritage Foundation. Each member of the executive committee reported on her visits to the district conferences and on schools of instruction.

Daviss-Daniels Test Hits Chalk

The Daviss-Daniels test on the Bain tract R. D. Newman survey, 4 1/2 miles northeast of Kerens, struck the Austin chalk at 2379, according to Louis T. Daniels, at 11 a. m. Tuesday. This is a Woodbine test being drilled on a 776-acre lease owned by Phil Davis, Louis Daniels and associates.

Committees For Rotary Club Are Announced Today

Rotary club committee appointments were announced today by King Elliott, new club president. Committees and members follow:

Aims and objects—Elliott, chairman; Hoyt Moore, Bill Bruss, William Clarkson III, Tom Bailey and Embury Ferguson.
Club Services—Bruss, chairman; Classification—Rex T. Bounds, chairman; W. P. Brown, John R. Corley, Membership—Abe Goldberg, chairman; Curtis Keen, H. P. Phillips, Fellowship—Clarence Hodge, chairman; Bill Cruse, J. R. Hewell, Rotary Information—John C. Calhoun, chairman; Joe Butler, Sidney Brietz, Public Information—Don Morrissey, chairman; Herb Jacobs, Hal Bookout, Rotarian magazine—W. E. McKinney, chairman; Cecil Bracey, Dr. W. W. Carter, Dr. Wells Stephens, Attendance—John C. Tatum, chairman; B. M. Lindsley, Ernest Moore, Sergeant-at-arms—Dr. James Curington, chairman; W. D. Farm Talk

Cow Gives Would-Be Rural Families Tough Competition For Happy Home

By CLYDE E. JOHNSON,
Daily Sun Staff.

Who'd have thought a decade or so ago that the American family in 1950 would be competing with the cow in life's vast struggle for a happy existence?

But that's what is happening today. Where large towering trees once shaded a neat cottage, whose backyard was a child's paradise, where a colorful spring garden once gave its healthful fruit—now there are some lazy, glutinous, manure spreading cows.

Abandoned homes, empty swings dangling from backyard trees, a mass of weeds and piles of debris litter the country-side.

Navarro contains some 11,000 of them—have left these places, or were forced off, since 1940, to make room for the cow.

Recognizing the attractive home possibilities, enthusiastic young couples who seek to buy such a place are dubbed "squatters."

"Sure it's for sale," they're advised, "but you'll have to move it, off my land. This 'cow mania' is high priced in lots in the city, inefficient houses, and neighbors so close they can't snore in private."

sudden drop in livestock prices, some remarked recently, might boost the declining farm population. Until then, though, it seems the cow ranks above some father, mother or child's welfare and happiness.

Agriculturalists have placed heavy emphasis this year on use of nitrogen to increase crop yields. A lack of this vital element has done much to hold down yields on some acreages.

"Unless the soil where corn was planted this spring was supplied with plenty of nitrogen, yields will be low," predict the experts.

One soil specialist says a shortage of nitrogen is due to "a mistaken notion" that growing legumes will maintain nitrogen and organic matter.

Next Thursday night the county Agricultural Workers Association will stage its annual recreational meeting and barbecue at Magnolia Lake. Secretary Bob Claque asks that reservations be turned in to him by Monday.

It Happened 25 Years Ago Today

(From the Files of The Corsicana Daily Sun)

A young Corsicana man was killed today in a gas explosion in a large well on a construction project on South Twelfth St. here. Week-end accidents over July 4 resulted in at least 160 deaths over the country. Auto accidents deaths were included in the total.

Herman K. Roberts and Miss Bessie Butler were married last night at the First Baptist Church here.

R. L. Newland, physical director at the Corsicana YMCA, returned from Missouri where he had been attending a physical directors school during the last three weeks.

Mrs. George T. Jester was touring Europe, and was currently in Paris.

Col. E. C. Huckabee, member of the Daily Sun staff for many years, was ill.

A car driven by a negro woman collided with one driven by F. P. Picklin and his daughter yesterday at the corner of West Second Ave. and Twelfth St. No one was injured.

J. W. Inmon was re-elected president of the Long Prairie Cemetery Association today. J. W. Inmon was named secretary. Judge Warren Hicks and Claude Upchurch were the speakers at the picnic held at the church.

NAVY

CONTINUED FROM FIRST PAGE

riers unless they have recently converted other ships.

A few months ago Sherman said Russia had added new, high-speed heavily armed cruisers and many destroyers to its fleet. The Russian navy has three or four old battleships.

The United States has one modern battleship, the Missouri, in active service. In the reserve are 14 battleships and two battle cruisers.

Eighty-seven of the U. S. Navy's active combat ships were in the Pacific recently, according to Navy reports, and 156 were in the Atlantic and adjacent waters.

Two 27,000-ton carriers, the Valley Forge and the Philippine Sea, are in the Pacific. The Valley Forge spearheads the 20-ship Seventh Fleet, which in the Korean crisis was put under the operational command of General Douglas MacArthur, supreme Allied commander in Japan.

The Philippine Sea will head up a new task force which will be based on Pearl Harbor to support the Seventh Fleet's 50,000-ton carriers, Franklin D. Roosevelt, Midway and Coral Sea, are in Atlantic waters.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

PLANES

CONTINUED FROM FIRST PAGE

tial plan has been aimed at destroying both the enemy's supplies and his means of getting them into use. Those include, in addition to equipment for North Korean ground forces, the fuel and ammunition for planes.

air strategists here comment that it is strange that during the last few days the North Korean air force has failed to take off for defense of bomb targets.

One veteran of the World War II air campaign saw in the Korean picture a possible duplication on a small scale, of the situation that prevailed in the German Luftwaffe in the closing months of the war. The German air force then had pilots—but lacked adequate fuel to fly, thanks to strategic attack on supply sources and transport.

Reports reaching here indicate that during the last three days American airmen have seen a total of only nine enemy planes. One flight of eight Yak III fighters was sighted, fleeing when American aircraft approached. A single Yak fighter was spotted on another occasion, but he too hurried off.

So far, there have been no reports of any jet fighters operating in the North Korean sky. The types encountered have been conventional-engine, Yak-designed fighters or aircraft of the IL-10 type, a ground attack plane used for support of troops.

The assumption here is that if any jets appear to challenge the F-80s of the air force or jet planes put up by the American carrier in the Yellow Sea they will not be flown by North Koreans. It is regarded as highly doubtful that the North Koreans have either trained jet pilots or the skilled mechanics needed for maintenance of jet aircraft.

The pounding North Korean targets started off with B-29 medium bombers and F-51 fighters of the United States air force. During the last few days the tempo of the attack has been stepped up with the appearance of the scene of planes put up by an Essex-class American carrier and a light British carrier. These carriers obviously are launching their planes from positions in the Yellow Sea, to the West of Korea, and close to the major targets.

SPEEDERS

CONTINUED FROM FIRST PAGE

partment of Public Safety. The license suspensions are for an indefinite time.

Police Chief Bruce Nutt said speeding in the city has to stop. "Speed causes accidents and accidents cause death. You can't bring a dead person back to life," he said.

"I've instructed all city police to crack down on speeders and this means all over town, not just on Boston street."

Nutt said he was aware of Beaton street being used as a speedway and said others besides juveniles were guilty.

"This speeding has got to stop," he said, "and my department will do everything in its power to make motorists slow down."

OKLAHOMA

the families of inducted men and to protect their insurance. In many cases a man just can't pay his insurance premiums or his mortgage payments or his rent on the day he receives while in the military service.

During the recent war the families of many men had to give up their homes or move into cheaper quarters in order to make ends meet. A lot of men lost their insurance, which was a big help to them.

Ferguson sponsored the GI terminal pay bill after World War II. That law provided for payment of accrued leave to enlisted men at the time of their discharge. Previously, only officers received terminal leave pay.

TRAIN WRECK

CONTINUED FROM FIRST PAGE

in the wreck. Four or five were telescoped and badly wrecked. Some nosed into the soft earth along the right of way.

"Because of the early hour it was some time before help could reach the wreck scene. Farmers carrying axes came from the neighborhood to chop paths to those trapped in the debris."

The mail coach that led the chain of derailing cars was four or five cars behind the Diesel locomotive. Mark Fries of Chillicothe, Ill., who was in charge of the El Captain mail coach, said the train was traveling normally when "apparently something went wrong under the mail car."

Fries, however, seemed to sail through the air to the left. He hit the locomotive and the first car of the Chief.

The cars ahead of the wreck—the locomotive and lead coach—of the El Captain—rolled ahead on the tracks for about a half mile.

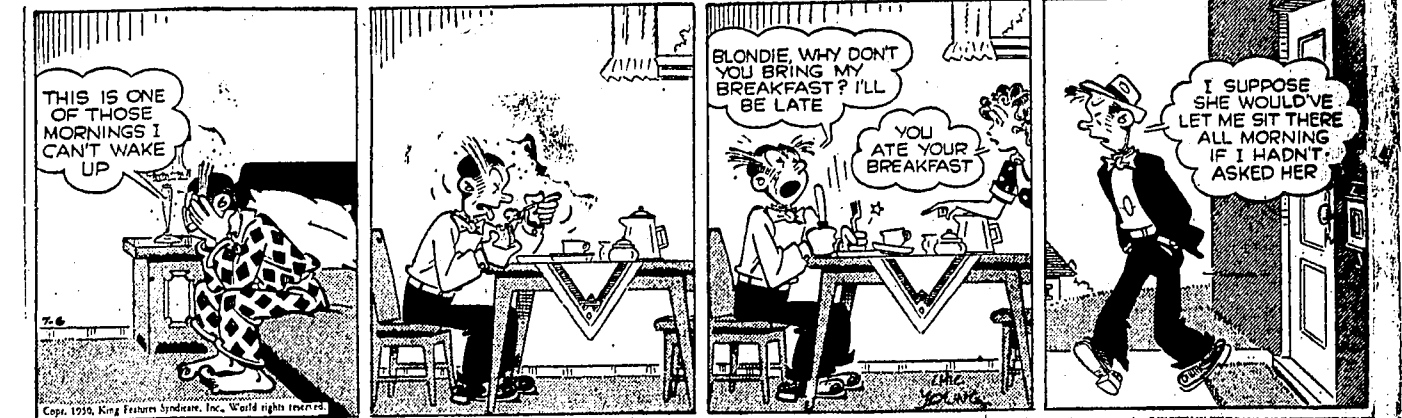

Brinkman, the Peoria reporter, said he was of the El Captain was traveling about 80 miles an hour at the time and that the Chief was doing 70.

The El Captain left Los Angeles at 1:30 p. m. (Pacific Standard Time) July 4 and was due at Dearborn Station, Chicago, at 7:15 a. m. (Central Standard Time) today. The Kansas City Chief left Kansas City at 6 p. m. (Central Standard Time) last night and was due in Chicago at 7:45 a. m. (Central Standard Time) today.

Mrs. Hammett Gets Award From Weather Bureau

HOUSTON, July 6.—(AP)—The U. S. weather bureau is honoring a group of Texans which has faithfully recorded for many years the days and nights of Texas weather.

Some of the voluntary co-operative weather observers have been helping the weather bureau for as long as 50 years.

Clayton Crocker, first assistant in the state weather information center here, said about 50 Texans had received recognition pins.

Here are some:

Former County Judge H. E. Hanes, 83, of Hondo, Medina County, began taking rainfall readings in Castrovillita 1886.

Mrs. Pearl Smith, a Brownwood housewife, was honored with a year pin for keeping weather records for her town since 1905.

Others getting 40-year pins included M. Kangerga, a cotton and real estate man of Henderson, Rusk county, since July, 1908; F. C. C. Carer, a retired merchant of Flint, Smith county, who served from January 1, 1910, to the spring of 1950 when failing eyesight forced him to discontinue his work.

Thirteen persons received 30-year pins. They included Mrs. Willie A. Hammett, Corsicana, appointed March 1, 1918; Mrs. Hallie Earle, retired woman doctor, Hewitt, McCombs county, appointed February 1, 1918; W. J. Klingler, Plainview, appointed October 28, 1914; Ernest A. Ford, Ricardo, near Kingsville, appointed September 1, 1910.

Mrs. R. H. Logan Rites Thursday

KERENS, July 6.—(SP)—Funeral services for Mrs. R. H. Logan, long-time teacher, church worker and civic leader here, who died early Wednesday, were held Thursday morning from the Presbyterian church with burial in the Kerens cemetery. The rites were conducted by Rev. William Everheart of Athens, assisted by Rev. Carroll Thompson, pastor of the First Methodist church, and Wilson Evans, supply pastor of the Presbyterian church.

She was a charter member of the Kerens Music Club.

Surviving are her husband of Kerens; two sons, R. E. Logan, Houston, and John R. Logan of Palestine; a sister, Mrs. Dan Brown, and a brother, R. F. Reagor, both of Shreveport, La., and four grandchildren.

Funeralbearers were J. A. Daniel, L. Whorton, A. L. Bain, Joe Crawford, Fred Jensen, Cliff Coates, all of Kerens, and F. L. Seale, Corsicana.

Stockton Funeral Home directed.

Union Services Be Held Eureka

Union revival services of the Methodist and Presbyterian churches at Eureka are to begin Friday night, Aug. 4, and run through Sunday, Aug. 13. Rev. M. L. Baker of the First Presbyterian church of Commerce is to do the preaching.

Regular services are to be held at the Patterson Memorial Presbyterian church, Eureka, at 11 a. m. and 8 p. m. The Lord's Supper will be observed at the morning service. H. M. Bailey, pastor.

MRS. EMMETT CHAMBERS LEE, JR.

MISS ROWLAND JERNIGIN, WEDS LT. E. C. LEE, JR., IN RITES AT PHOENIX, ARIZ.

Formality marked Monday, June 26th, nuptials which united Miss Rowland Jernigin of Phoenix, Ariz., and Lt. Emmett Chambers Lee, Jr., of Corsicana.

The wedding was solemnized in Trinity Episcopal Cathedral, Phoenix.

The bride is the daughter of Major and Mrs. Russell C. Jernigin, formerly of this city. Her husband is the son of Mr. and Mrs. E. C. Lee, Sr.

For her wedding the bride chose a gown of ivory satin with a yoke encrusted with seed pearls, a fitted bodice and a pleated skirt. Platted banding held in place her hair.

She carried a white orchid upon a prayer book.

Attendants Listed

Mrs. Mary Jane Keeten was maid of honor, wearing an all-white gown complementing to Mrs. McCutchen. They were picture hats wreathed in ivy and carried round bouquets of peach gladioli.

Mr. and Mrs. J. D. Vance, Dawson; Rev. and Mrs. E. F. Bohmalk, Port Worth, Ward 3; Mrs. Sterling H. Hornback, Seattle, Wash., Zion's Rest; W. O. MISS JANE HOLLAND AND RICHARD WALKER KNIGHT WED AT WICHITA FALLS

Of local interest was the wedding of Miss Jane Holland, a Southern Methodist University student, and Ralph Walker Knight, who is studying at Southwestern Medical School of the University of Texas, June 28 in Wichita Falls. They are making their home in Dallas.

Parents of the couple are Dr. and Mrs. L. B. Holland of Wichita Falls and Mr. and Mrs. R. W. Knight of Corsicana.

Dr. James H. Landes read the candlelight ceremony at the First Baptist Church of Wichita Falls.

Given in marriage by her father, the bride wore a satin gown with fitted bodice, deep sheer yoke trimmed at the neckline with seed pearls and pointed bertha collar finished with appliqued scroll of French Alencon lace over French net.

Matching designs of lace and net formed the deep peplum and the wide cathedral train of the bride's gown. The veil of imported illusion was draped from a band of French blossom. The bride carried a bouquet of valley lilies.

Attendants Listed

Miss Martha Gene Kiehl was maid of honor, and bridesmaids were Miss Mary Jean Landon and Miss Mary Elizabeth Singleton, all of Wichita Falls.

Dr. Richard G. Knight of Decatur, Ga., best man; Groomsman were Robert B. Holland, Jr., of Dallas and Clifton Burroughs of

Wichita Falls. George T. Singleton of Wichita Falls and Edward Miller of Chubbuck, Idaho, were ushers.

Mrs. J. W. Akin, Jr., was organist and Miss Martha Ann Holmes was vocalist.

Mrs. Knight attended Hardin Junior College of Wichita Falls and will be a senior student during the 1950-51 term at SMU. She belongs to Kappa Alpha Theta and Mu Nu sororities. She was president of Wichita Falls society by the Junior Forum in 1947.

The bridegroom attended Hardin-Simmons University and was graduated from Texas A&M College. He serves with the armed forces and belongs to Phi Beta Pi medical fraternity.

Immediately following the wedding a reception was held at the Wichita Falls Country Club.

House party members included Mmes. J. B. Nall, George Dwyer, Van Lesley and F. R. Landon, all of Wichita Falls; Mrs. Ed Peters of Dallas. Others were Misses Peggy Stanford, Billie Beth Pitt, Norma Lesley, Janice McNeil, Mary Ann Snoddy and Virginia Wilton, all of Wichita Falls, Betty Canon of Loviuey and Connie Cureton of Dallas.

Mmes. O. B. Kiehl, G. T. Singleton and Otis Nelson, all of Wichita Falls, also attended.

The bride's traveling costume was a dark-blue silk falls suit with white accessories.

NAVARRO, July 6.—(AP)—Miss Geneva Statler of Norman, Oklahoma, visited her grandparents, Mr. and Mrs. J. W. Harrison, Tuesday.

Mr. and Mrs. Alvin McCarter of Greenwood, Miss. are here visiting relatives the last few days.

Mrs. Merrill and her mother, Mrs. J. W. Akin, Jr., were in town Tuesday. Mrs. Akin visited with Mrs. Oliver Forbes Wednesday evening.

Mr. and Mrs. Dub Woodward have returned to their home in Eunice, New Mexico, after spending several days with her mother, Mrs. Lola Marsh.

Mrs. T. P. Westbrook of Monahan spent the week-end with her mother, Mrs. H. D. Smith.

Mr. and Mrs. J. H. Lassiter and son Jesse, who are spending their vacation in Kingsville.

Jimmy Tawater is spending a few days with his cousin, Gene Berry.

A number from the Baptist Sunday school spent a pleasant day at the home of Mrs. J. W. Harrison.

Mr. and Mrs. Lee, parents of the bridegroom, attended the West Point commencement exercises and the wedding in Phoenix, in company with their daughter, Mrs. McCutchen, and granddaughter, Carol Lee, who now are visiting them in Corsicana.

Other Corsicans present for the wedding were John Taylor and Ben McKie.

Among the out of town guests were Mrs. Mollie Bostick, grandmother of the bride, and Mrs. Jennie Kinsloe, her aunt, both of Commerce.

Mrs. Melvin Hagler was taken ill in her home Tuesday and was removed to the hospital. Her many friends wish for her a speedy recovery.

Martha Ann Wade of Dallas is spending a few days with her aunt, Mrs. J. O. Cheney.

Mr. and Mrs. Nute Horn are visiting their children in Sweeney this week.

W. L. Weaver of the armed service, visited his parents, Mr. and Mrs. J. L. Weaver to say good-bye, before leaving for overseas service.

Mr. and Mrs. Kate McGee, who are spending a few days in Gainesville this week visiting Mr. and Mrs. J. W. Collins.

Annual Hopewell Cemetery Meeting

Freedom Awards Being Expanded

Freedom Foundation at Valley Forge, Pa., has announced that every individual public, private and parochial school in the United States is now eligible, and is invited to apply for an award in its enlarged School Awards Program. As originally scheduled, only school systems were eligible for Freedom Foundation School Awards.

This School Awards program, being conducted this year by Freedom Foundation in addition to its \$100,000 General Awards program, is not a contest in any sense of the word. It is a national awards program designed to recognize those individual schools and school systems which have developed effective programs and materials for teaching pupils the fundamental principles of the American Way of Life.

To be eligible, an application for a school award may be based on any oral, written or visual, classroom or extra-curricular program or material prepared between July 1, 1948, and June 30, 1950. Closing date for all applications is July 31, 1950. After the closing date, a judges advisory panel of 10 eminent educators including principals and superintendents, and deans and professors emeritus of leading teachers' colleges and universities, will review and evaluate all applications for a school award.

When announcing this enlarged program Kenneth D. Wells, executive vice president of the

Foundation, said, "By teaching the youth of our nation the true meaning of the American Way of Life, and by training them to understand, value and protect it, the teachers and administrators of our nation's schools are making an essential and continuing contribution to the future well-being of our country. To the best of our knowledge, this Freedom Foundation Program, now known as the School Awards Program, is unique. We also feel it offers recognition for the work of our schools in teaching good citizenship which is long overdue. Application forms for a school award are available to any school upon request to Freedom Foundation at Valley Forge.

Speed Limits At Repair Projects To Be Enforced

All 25-miles per hour speed limit zones, where highway crewmen are working in Navarro county, will be rigidly enforced under the traffic laws of the state of Texas. Highway Patrolman Jack Gaines announced Wednesday, "Three highway department men were killed over the state last week due to speeders," the officer said.

Highwaymen are working on U. S. 75 between Corsicana and Ennis. Under the law, motorists must slow their vehicles to the applicable speed limit, or follow instructions of flagmen and signs.

Club News

Kerens H-D Club
The Kerens Home Demonstration Club met Friday, June 23 in the home of Mrs. Hermon Moore. Mrs. Lewis Vernon opened the meeting with a poem. Reports were given by Mrs. Herman Moore, and Mrs. Hardy Mayo gave the council report.

Willie Bell Slay, a 4-H Club girl, gave a talk on the dress review and other interesting things she and Mrs. Bert Kilcrease enjoyed while at College Station.

Mrs. Lewis Vernon gave a demonstration on reclaiming congo-lem rugs.

Refreshments consisting of pie a la mode, and soft drinks were served to ten regular members and two visitors.

The club adjourned until next meeting date, which will be with Mrs. Wilbur Black on July 14.

Attend Firemen's Training School

Two members of the Corsicana fire department, Asst. Chief Billy Draper and Fireman Maynard Holcomb, will attend the 21st annual Firemen's Training School at Texas A. and M. College, July 8-14.

Fire chief Howard Blivins said the two men would leave Sunday. The chief added he would attend Chief's Day at the school, Wednesday, July 12.

H. R. Brayton is the director of the school.

BY ROCKY ROAD MOSES LED ISRAELITES INTO LAND OF LAW

Moderns Often Amazed At The Leadership Genius Of The Ancients—Because Moses Trusted God He Was Sure Of His Pathway—His Career Touches Modern Situations

By WILLIAM T. ELLIS and EARL L. DOUGLASS.

Remaking of nations is under way all over the world map. "Advanced" thinkers discredit the ideal of the sacredness of nations. They would jettison the sacredness of economic systems, and social advantages above patriotism. For the believer in God and the Bible, there seems to be but one course open. As our lesson this week makes plain, God deals with nations as with men. Only devotion to God Himself, and to one's own home, may take precedence over these things.

God of the Nations.
The passage of Scripture assigned for study this week fits into modern life in a most helpful way. It is the story of the people of Israel out of their camp to meet God, and it tells us how God met the people and gave them some very definite instruction about the way they were to proceed as a nation; how they were to worship Him; and how they were to conduct their lives with reference to the Hebrews.

This Moses stands as one of the peerless leaders of all times. It was no unripe man that God called when He spoke to Moses from the Burning Bush. Forty years he had been trained in Egypt; first and most potent at his mother's knee, and then in the palace of Pharaoh where he became learned in the wisdom of the Egyptians. None of this life amidst royalty took off the keen edge of his sense of justice or of his consciousness of his solidarity with the Hebrews.

Moses' first act as a reformer was an impulsive blunder. It cost him his place at court and made him a criminal. He had to flee for his life to the desert of Sinai. But he was a lusty man, built for desert hardships. So he spent 40 long years in the rigorous solitude of Sinai's flinty wastes.

But the desert is provocative of thought, and its dry air ripens human lives. Certainly it ripened the life of Moses. This one humble man, whose exploits, great as they were, probably made scarcely a ripple on the surface of his contemporary history, was destined to make on history as a whole the most profound impression ever made by any mere historical character.

He was a mighty leader. He combined in his person the best of academic training, the most complete results of long experience in practical affairs. When the time came for him to lead his people from bondage into freedom, he had no doubt, knew the path, he knew every shepherd and every chieftain in that section of the world. The springs and oases were familiar to him as the flower-beds in a modern man's front yard.

But above all else, Moses was a man whose mind and soul were delicately attuned to divine things. He was the kind of man God could talk to, for he was the kind of man who listened. In today's lesson we learn how God disclosed His plan to Moses. Here in the dawn of history was being enacted one of the most important events in human history.

The Way is Plain.
For the moment, the fact we have to learn is that God is a self-revealing God, that He has made Himself known to man, and that the pathway He has indicated is plain before our feet if we be but willing to walk therein. True religion is not something men have pulled out of the air. It is not the codifying of men's notions. It is not a test than the majestic disclosure of His nature and purpose which God has seen fit to make to His children.

Skeptics and agnostics pretend that religion is too difficult to

Gilbert Stubbs Loses In Finals Of Hico Tourney

Four Corsicana golfers participated in the Texas State Sand Green championship invitational golf tournament concluded Tuesday at Hico, Texas.

Gilbert Stubbs, champion in the 1950 Corsicana invitational, lost in the championship flight finals of the Hico event to "Doc" Brinkley of Fort Worth, 2 and 1. The match went 27 holes, with Brinkley carding a 6-under medal score. Stubbs was four strokes under.

The Corsicana champ also annexed the long-driving contest with Clayton Stubbs of Corsicana coming in second in this event.

Clayton Stubbs was eliminated in the second round of the championship flight, losing to Ray Cheek of Hico, defending champion in the Hico event, 1-up.

Charles Robinson of Corsicana was the winner of the second flight.

Kenneth Stubbs of Corsicana lost out in the semi-finals of the third flight.

100 YEARS OLD
BEAUMONT, Tex., July 6.—(AP)—Mrs. Amma Millard, widow of the late George O'Brien Millard, early day business and civic leader, celebrated her 100th birthday here on Wednesday.

Robinson Family Is Safe In Japan

Friends have been informed that Mr. and Mrs. H. C. Robinson and family have been evacuated from Korea and are safe in Japan. Robinson was county agent here for a number of years but more recently has been associated with the military government in Korea as an agriculture specialist. Cablegrams to Texas relatives late last week stated that the entire family was in Japan and they anticipated an early return to the United States.
